

# No-Nonsense Nine Patch

## Supplies:

- silk pins (IBC brand preferred, available during class if you cannot find them locally)
- scissors / thread snips
- seam ripper
- thread
- design wall (Dream Poly batting works well. 60x60 size is good for class)
- rotary cutting supplies (if you do the cutting before class you will not need these)

## Fabric:

This is a scrap quilt, so the more different fabrics you use the more interesting your quilt will be.

A twin-size quilt will require a total of about 7 ½ yards of fabric, **half of it light values and half of it dark values.**

## Before class:

**The more cutting you do before class, the more time you will have for the sewing and designing during class.**

Cut a square 6 7/8" and cut the diagonal to make two triangles. For twin-size quilt you will need 164 triangles (half light and half dark).

Cut squares 2 ½ inches. Cut 5 squares from each fabric. For a twin-size quilt you will need 166 sets of squares.

We will not have time to use all the squares and triangles during class. Come with a large number of pieces cut, but you will not need all of them in class.

If you have questions about this supply list please feel free to contact me.
